(excerpt from their site)

Florida Building Code does not allow an owner of a condo to do work on his unit. Also, a Florida Licensed Contractor must be hired, and a permit must be obtained prior to allowing any contractor to start work. Failure to hire a licensed contractor is a felony in the state of Florida “Florida Statute 489.127(1) (f)”. Permits are required for almost any work in your unit. Exceptions are interior painting and replacing floor covering, which may have some requirements implemented by your association to comply with State regulations about noise transmittal.

Here are some common examples of work that is typically performed by condo owners that require a permit and a licensed contractor:

- water heaters
- air-conditioning units
- renovation for kitchens or bathrooms
- replacing bathtubs or showers
- replacing windows or doors
- installation of hurricane shutters
- replacing any balcony enclosures with screen/ acrylic windows
- enclosing balconies with windows to add a new room (which is an addition)
- adding light fixtures or electric fan connection
- mold remediation works

UNIT MODIFICATION APPLICATION

UNIT OWNERS'

ACKNOWLEDGEMENT OF RESPONSIBILITIES AND IMPORTANT INFORMATION

I acknowledge receipt of the "UNIT MODIFICATION APPLICATION" (pages 1 through 10) attached hereto and acknowledge and understand that as a unit owner:

1. Unit owners must have closed on their unit before applying for any modifications/repairs.
2. All contractor(s)/service providers and their subcontractors, vendors, agents and/or employees' work requires written Board approval. The Board will not accept or begin the approval process until a complete package is submitted including:
 - a) Modification application
 - b) Signed/dated Unit owner *ACKNOWLEDGMENT OF RULES/REGULATIONS AND GUIDELINES*
 - c) Signed/dated Unit Owner's *RELEASE AND INDEMNIFICATION* form
 - d) Signed/dated Contractor/service providers' and their subcontractors, vendors, agents and/or employees *ACKNOWLEDGMENT OF RULES/REGULATIONS AND GUIDELINES*
 - e) Copies of their current General Liability Insurance Certificate (valid for 6 months at commencement of work)
 - f) Copies of their current Workers' Comp Certificate (valid for 6 months at commencement of work)
 - g) Copies of their current license (valid for 6 months at commencement of work)
 - h) Samples of underlayment (if applicable)
 - i) Any other additional documents/samples (if applicable)
 - j) Check in the amount of \$250.00 refundable security deposit made payable to Ventnor H Condominium Association. The check will not be deposited; it will be returned if there are no damages to common areas once the work is completed. Should common area damages exceed \$250, the unit owner agrees to pay the additional fees to repair the damage(s) or it will be added to the unit owners' maintenance account ledger.

Completed package must be submitted to the Board President, Secretary or Treasurer and approval of this application must be granted in writing by the Board.

3. Pursuant to Section 10.6 of the Declaration of Condominium for Ventnor H, no unit owner shall commence with any alternation/modification or improvement to their unit unless they have first obtained written approval from the Board of Directors of Ventnor H Condominium Association and applicable City of Deerfield Beach permits are visually posted in the front window and that if any modification/installation commences prior to receipt of written Board approval and Building Permits visibly posted, the Association may enforce the removal of the modifications/installations and subsequent restoration to original form at my expense.
4. Once the written BOD approval has been received, a copy must be submitted to the City of Deerfield Beach, Building Division to obtain any required permits.
5. No unit owner shall cause or allow improvement or changes to the exterior of the building (front and/or back) and all areas appurtenant to the condo and/or all limited common elements (balconies) which alter the exterior appearance thereof, or which could in any way effect the structural, electrical, plumbing, or mechanical systems of the building, without the prior consent of the Board which consent may be withheld on purely aesthetic grounds within the sole discretion of the Board. This includes painting, decorating, or modifying in any manner.
6. When installing new front doors, windows including balcony windows, unit owners must adhere to the Association specs. The Association requires that all doors and windows are white.
7. A condition of allowing each unit owner to commence work in their unit, the unit owner shall be fully responsible for providing the Association with an acknowledgement signed by their contractor(s)/service provider and/or their subcontractors, vendors, agents and/or employees (see attached *"CONTRACTOR(S)/SERVICE PROVIDER AND THEIR SUBCONTRACTORS, VENDORS, AGENTS AND/OR EMPLOYEES*

UNIT OWNER'S ACKNOWLEDGEMENT OF RESPONSIBILITIES AND IMPORTANT INFORMATION

ACKNOWLEDGEMENT OF RULES/REGULATIONS AND GUIDELINES") whereby such contractor(s)/service provider and their subcontractors, vendors, agents and/or employees agree to, as part of their contract with unit owners, agree to comply with and be bound by all the terms and conditions and rules and regulations and guidelines of Ventnor H Condominium Association.

8. All permits required by the City of Deerfield Beach must be **obtained by the contractor/service provider**, and **visibly posted in a window by units' front door prior to commencing work**.
9. Board approval does not relieve unit owner(s) and contractor(s)/service provider and their subcontractors, vendors, agents and/or employees' responsibility of meeting all state and local codes.
10. Hours for performing any modifications are: **Monday through Friday, between the hours of 9:00 am and 5:00 pm. NO WEEKEND, HOLIDAY OR EVENING WORK IS PERMITTED!** Any contractor(s)/service provider and their subcontractors, vendors, agents and/or employees that violate the Associations' allowed time will be charged \$50.00 for each additional hour of work which will be deducted from the unit owner's security deposit. Notwithstanding the foregoing, work may continue until 6pm provided it is not noise producing. Emergency repairs may take place at any time. Noise producing work can only be performed between the hours of 9:00am to 5:00pm Monday to Friday **ONLY**.
11. **Working in any common areas is STRICTLY PROHIBITED!** This includes cutting of moldings, carpeting, wood, tile etc.
12. Unit owner is responsible for any and all damages to Ventnor H common elements (building, catwalk, elevator, stairs, laundry room, storage room, parking areas, and surrounding grounds) caused by the contractor(s)/service provider and their subcontractors, vendors, agents and/or employees.
13. To request access to either the roof or the electrical rooms, the unit owner is responsible to contact either a Board member or Committee member (names and contact info listed on page 3 of this application and also on the bulletin board by the mail boxes). For roof access, an entry must be placed in the log book located by the roof access ladder. **NO ACCESS WILL BE GRANTED WITHOUT PRIOR NOTIFICATION TO EITHER AREA!**
13. New flooring on floors 2 to 4 must include sound dampening/sound proofing underlayment. A sample, with specifications must be provided with this application to the Board for approval before installation. Minimum required soundproofing: **PROFLEX MSC90 SOUND CONTROL MEMBRANE OR 200 USC**
14. The elevator is a small (slow moving) resident elevator which is not a service/freight elevator, however can be used for small, light items once the elevator pads have been installed.
Elevator dimensions (elevator ceiling is not expandable): 6 ft x 3ft, 6 in, **maximum weight restriction: 2,000 lbs.** If your items do not fit into the elevator, you need to arrange to have them carried up the stairs taking every precaution as to not damage the steps, handrails and/or walls and ceilings in the stairwell. No hoisting harness is permitted to be attached to the roof or the railings. It is your contractor(s)/service provider and their subcontractors, vendors, agents and/or employees' responsibility to observe the weight and size restrictions of the elevator, as any unnecessary shutdowns will delay the progress of your contractor(s)/service provider and their subcontractors, vendors, agents and/or employees and residents in the building and subject you, the unit owner, to additional expenses in the event of damage.
15. Unit owner is responsible to ensure the installation and removal of elevator pads which are located in the 1st floor, south laundry room in the back of the locked storage room. It is the unit owners' responsibility to ensure they are put back in the storage room as soon as the modifications are complete.
16. Unit owner is responsible to ensure that their contractor(s)/service provider and their subcontractors, vendors, agents and/or employees place RAM BOARD on the elevator floor to prevent damage before unloading any material or starting work. **NO EXCEPTION!**
17. During modifications, when AC units are running inside your unit, it is recommended to change/clean your AC filters. Accumulation of dust and debris will prevent your filter from supplying proper air flow and the debris can damage and/or prevent your AC from performing properly.

UNIT OWNER'S ACKNOWLEDGEMENT OF RESPONSIBILITIES AND IMPORTANT INFORMATION

18. During the installation of flooring, drywall alternations and similar work, smoke detectors can be falsely activated and damaged by dust. Special care must be taken to protect these devices during your modification. It is recommended that your contractor(s)/service provider and their subcontractors, vendors, agents and/or employees use TEMPORARY COVER CAPS. "FALSE ALARMS"
19. The auditory speakers are part of the fire safety system and **MUST NOT** be removed for painting or general aesthetic by any contractor(s)/service provider and their subcontractors, vendors, agents and/or employees. Disabling/disconnecting them in your unit will impact other units in the building; finding and repairing these situations is time-consuming and expensive. Any tampering with the annunciator in your unit will be at your expense to repair.
20. Unit owner is responsible to ensure that no work will be performed by any of their contractor(s)/service providers and their subcontractors, vendors, agents and/or employees that will modify any building system or change any building fire rating or otherwise violate any of the restrictions or regulations contained in Ventnor H regulations. Unit owner is fully responsible to the Association for any and all violations of these regulations. The Association shall be notified in advance of any planned modifications of life support systems and the mechanical/electrical system in the unit. Should any unplanned requirements for a system modification arise during the modification process, the Association shall be notified prior to making the modification.
21. Ventnor H is a non-smoking building. Smoking by contractor(s)/service provider and their subcontractors, vendors, agents and/or employees, is strictly prohibited while on property.
22. Concrete core drilling is not permitted. Due to the presence of rebar cables within the floor and ceiling concrete slabs, the concrete shall in no manner be disturbed including installing small anchors. Notwithstanding the foregoing, when installing light fixtures/fans, you cannot drill deeper than 3" to prevent any damage to the rebar cables.
23. Relocation/addition of plumbing requiring core drilling is not permitted. Removal and capping off of plumbing fixtures is permissible only if adjacent areas are not affected. Removal and re-set of existing plumbing fixtures (flooring installation or replacement of fixture) must be performed by a licensed plumber. Wax rings improperly set can cause leakage to the unit below and result in unnecessary damages and expense. The refrigerator or other appliances with water lines should be reinstalled by a professional if removed during flooring installation.
24. Unit owner is financially liable for the expense of fines, damages to the building, catwalks, elevator, and/or any other common area during modification/installation/repairs or other activities related to the modification/installation/repairs and other related expenses etc. due to negligence of their contractor(s)/service provider and their subcontractors, vendors, agents and/or employees. Unit owner hereby agrees to comply with all the unit modification regulations and to cause their contractor(s)/service provider and their subcontractors, vendors, agents and/or employees to comply with these regulations.
25. The Board shall have the right to immediately shut down the unit owners' modifications for failure of the unit owner and/or it's contractor(s)/service provider and their subcontractors, vendors, agents and/or employees, to comply with these modification rules and regulations, with all costs associated with the shutdown to be borne by the unit owner.
26. Unit owner grants permission to the Board (or its agents) to enter their unit at reasonable times with reasonable advance notice, to inspect for compliance and safety practices.

FAILURE TO COMPLY WITH ANY RULES AND REGULATIONS SET FORTH IN THIS DOCUMENT WILL RESULT IN CHARGES PLACED ON THE UNIT OWNER'S MAINTENANCE ACCOUNT LEDGER AND BANNING CONTRACTOR FROM ANY FUTURE WORK ON VENTNOR H PROPERTY. BY SIGNING BELOW, I/WE AGREE TO AND WILL ABIDE BY ALL STATEMENTS IN THIS APPLICATION.
